CARBO OIL
When only the best will do **GERMANY**

TRUCK

The Carbo Oil Truck and Fleet program is especially designed and developed through intensive Research & Development, in the sector, to ensure trouble free operation of large Diesel engines under heavy load conditions - all year round. The Carbo Oil Truck lubricants range is suitable both for BS IV and VI engines, with or without exhaust after treatment - such as Diesel Particulate Filters.

HIGH PERFORMANCE BRAKE-FLUID

The CARBO OIL High Performance Competition Brake Fluids where especially designed for heavy use under Racing conditions, where brake systems are exposed to extreme temperatures constantly. With a boiling point exceeding 328°C the CARBO OIL Racing brake fluid ensures High Performance and excellent viscosity and lubrication ability, together with stable brake feel under all possible circumstances - no matter how demanding. This Racing Brake Fluid can be used as a high temperature substitute to 5.1 fluids.

CARBO OIL also supplies DOT3, DOT4 and DOT 5.1 Brake fluid, that will always keep you safe on the road, with the following characteristics:

- Constant and safe braking ability throughout the fluids life span.
- This fluids ensures minimal corrosion and offers general protection of all braking system parts.
- Mixable with DOT3 and DOT4 brake fluids.
- High boiling point ensures constant brake feel regardless of road conditions.

The Top of the Range Carbo Oil Truck Program is based on the finest possible base oils mixed with the very latest and most advanced additives, to ensure the following characteristics:

- Extended drain intervals - Long Life Span Technology - Improved Fuel Economy
- Heavy Load Viscosity Stability
- The Carbo Oil Truck range ensures High Levels of Engine and Piston cleanliness
- Anti soot and sludge thickening ability (also suitable for BS 3 and 4 engines)

PERFORMANCE

CAR Fully Synthetic RACING

The CARBO OIL RS Racing & Competition lubricants program, with extreme protection under heavy load and track use, stands for the best motor oil that money can buy for your engine.

This lubricant adapts intelligently to the strain it's put under, and can reduce friction by up to, as much as, 35% under difficult conditions.

CARBO OIL RS 15W-50 is a Premium Fully Synthetic Racing Oil suitable for Motorsport and Competition use, especially designed to give optimum protection and Power delivery from Tuned engines and also engines running with rich fuel/air mixture under Racing conditions.

This oil builds maximum oil pressure, for your engine, at high temperatures, making sure lubrication is always excellent. The RS program suits turbo and supercharged engines extremely well making sure all total power is always on tap under demanding use.

The RS Racing and Competition Lubricants range are also available as 10W-30 and 10W-40, amongst other viscosities.

INTELLIGENT Synthetic Formula LONG LIFE

The CARBO OIL range of motor oils is based on a High Tech Synthetic Formula for safe engine operation under all conditions - all year round. These lubricants are also suitable for Long Life where stated in the specifications and required.

Developed for modern Petrol and Diesel engines, with or without Turbo. Saves fuel and protects the engine from wear. Further, helps ensuring your engine stays leak free throughout its life span.

Important points to note about the CARBO OIL range:

- Fuel save potential through optimum lubrication and efficiency with less internal engine friction
- Guaranteed top performance from turbo and supercharged engines, both petrol and diesel
- Safe lubrication all year round. Especially cold weather friendly
- with easy cold start ability
- Very stable lubrication under max power, and heavy load. Selected additives prevents oxidation, sludge, noise and oil consumption
- Increased engine efficiency and cleanliness

CARBO OIL PROMISE...

• When you are looking for quality and maximum performance. When you are looking to deliver the best lubricants possible to your customers. When you seek a secure and dependable supplier you can trust. Then you choose Carbo Oil.

• It is the natural, and intelligent choice for your business.

• With more than 25 years of experience in the High Performance automotive sector, supplying numerous racing teams, we seek perfection for all the products we supply, and in all that we do. Our products are developed with one aim only: To satisfy beyond the most demanding expectations under all conditions - no matter how tough!

• A perfect example of what we stand for and how quality shines through - delivering Maximum Power, Torque and Economy, and making sure our customers stay on top of the podium - are the Carbo Oils Racing Lubricants Range!

Welcome to Our World of **Lubricant** **Excellence.**

Carbo Oil - as a company has its origin as a German Company, with main office in Wiesemscheid Nürburgring Germany, along with designs, research & development, as well as production. CARBO OIL has 25 years experience within the field of Performance Lubricants. CARBO OIL with its proudly recognized Product Stewardship team along their passion and dedication inclined to develop & manufacture advanced lubricants covering all your needs with our Tech Lab established at Wiesemscheid, Schulstrasse 15 GERMANY, we are not only developing product on commercial sense but through our heart by keeping in mind minimum damages to Environment

Treat your machine to a smooth ride with Carbo Oil's performance based lubricants.

- Prevents sludge and deposit build-up for less drag and friction
- Maintains viscosity and fluidity across wide temperature ranges
- Fortified with anti-wear additives to reduce machine wear and tear.
- Coats machine parts with a friction-reducing barrier for less wear.

When you are looking for quality and maximum performance. When you are looking to deliver the best lubricants possible to your machine, Then you choose Carbo Oil.

- With more than 25 years of experience in the High-Performance automotive sector, supplying numerous racing teams, we seek perfection for all the products we supply, and in all that we do.
 - Our products are developed with one aim only : To satisfy beyond the most demanding expectations under all conditions no matter how tough!
 - A perfect example of what we stand for and how quality shines through delivering Maximum Power, Torque and Economy, and making sure our customers stay on top of the podium -are the Carbo Oils Racing Lubricants Range!
 - Say goodbye to high engine temps and harmful carbon deposits. Carbo Oil is expertly engineered to optimize engine power while protecting critical components.
 - Drivers who demand maximum performance will appreciate Carbo Oil's ability to deliver quicker acceleration, increased fuel economy, and longer engine life. Give your car the advantage of advanced lubrication technology.
 - We love, we care, we respect!
-

Your Trusted Partner.

Carbooil remains at the forefront of innovation, offering tailored lubricants that align with the latest industry advancements. The company is dedicated to producing and distributing specialty lubricants worldwide while delivering cutting-edge products and services that create added value for our clients, alongside a strong commitment to the interests of all stakeholders.

To realize this vision, **Carbooil** has fostered a corporate culture rooted in customer satisfaction, excellence in quality, unwavering reliability, innovative solutions, and operational efficiency. We strive to be more than a mere supplier – we aim to be a true partner in action.

Proud of our high-performance standards, **Carbooil** places equal emphasis on safety and environmental protection in every aspect of our operations. Leadership at all levels of the organization ensures consistent dedication to these principles through active engagement and guidance.

Through this approach, **Carbooil** continuously enhances all facets of our business, with a particular focus on those areas poised for breakthroughs that will elevate us to new heights of excellence.

A **Carbooil** proactively maintains comprehensive contingency plans, ensuring that any foreseeable challenges are met with rapid, effective responses that minimize their impact.

Vision & Mission.

Our business philosophy is deeply rooted in the fundamental values of honesty, integrity, and respect. These principles foster an environment of trust, transparency, collaboration, and professionalism, while instilling a sense of pride in both our actions and the manner in which we conduct our business. Aligned with these values, we are committed to a path of sustainable development, ensuring a harmonious balance between short-term needs and long-term goals. This involves the integration of economic, environmental, and social factors into every decision we make.

Carbooil extends this sacred trust to every individual who bears our name—our employees, our contractors, and our partners in joint enterprise. We expect them to be living embodiments of these principles. Furthermore, we extend an invitation to our suppliers and associated ventures to join us in embracing this higher standard of conduct.

Carbooil takes great pride in supporting every individual who works for or represents us, including employees, contract staff, and contractors. We set clear expectations for how our team members should embody our principles and core values in their daily actions.

To facilitate compliance with relevant laws and regulations, the company offers practical advice on maintaining ethical relationships with customers, communities, and colleagues. Our professionals provide comprehensive guidance to ensure that all staff adhere to these principles, ensuring that every decision and action reflects our commitment to our values.

Some of our commitments to the company and its stakeholders:

- To demonstrate commitment through leadership and participation at all levels.
- To strive for sustainability in all aspects of the business, continuously raise performance standards and improve contingency plans.
- To audit compliance with business policy and its associated management systems.
- To grow a company culture based on health and safety, quality and staff motivation.

Integrity

- All Carbooil products formulated in Germany and manufactured in India under the guidance of NABL accredited lab
- Feedback based R&D to optimise product performance
- Certified and approved:
- An ISO 9001 , ISO 14002 , ISO 45001 , ZED CERTIFIED PRODUCT

Unwavering Precision and Reliability

We are equipped to conduct highly reliable tests, achieving precision to the scale of a millionth of a particle. Our state-of-the-art facilities are outfitted with the necessary equipment to assess lubricants across a comprehensive range of parameters.

We seize every opportunity to rigorously evaluate our products against ACEA, ISO, API, and OEM standards, ensuring we meet the highest industry benchmarks. Our laboratory operates independently from the management structure, providing objective and impartial results.

We encourage our team members to conduct tests that identify potential areas for improvement in our products. These insights are integral to refining the tribological properties of our offerings while continuously optimizing our formulations.

Our commitment extends to the thorough evaluation of raw materials and finished products. We undertake detailed research on both our own manufactured goods and competitor offerings, focusing on innovation and development. We strive to create new, more effective, and cost-efficient products, all while staying in tune with the latest international advancements in science and tribology.

DE

CARBOOIL 4T Motorradöl 01RS 15W-50 Racing Cup Extreme Engine Oil ist ein Hochleistungs-Motorradöl für Viertaktmotoren mit der Viskositätsklasse 15W-50. Es gewährleistet optimale Schmierung über einen weiten Temperaturbereich und eignet sich daher sowohl für den Rennsport als auch für den Alltag. Das Öl enthält hochentwickelte synthetische Grundöle, angereichert mit hochwertigen Additiven, um hervorragende Verschleißschutzeigenschaften, thermische Stabilität und Kupplungskompatibilität zu gewährleisten. Es minimiert Ablagerungen, reduziert Motorverschleiß und sorgt für einen reibungslosen Kupplungsbetrieb. Damit ist es ideal für hochdrehende Motoren in Motorrädern und den Rennsport.

EN

20

CARBOOIL 4T Motorradöl 01RS 15W-50 Racing Cup Extreme Engine Oil is a high-performance motorcycle oil designed for 4-stroke engines, with a 15W-50 viscosity grade, it ensures optimal lubrication across a wide temperature range, making it suitable for both racing and everyday use. The oil likely features advanced synthetic base oils fortified with high-quality additives to deliver superior anti-wear properties, thermal stability, and clutch compatibility. It is engineered to minimize deposit formation, reduce engine wear, and maintain smooth clutch operation, making it ideal for high-revving engines in motorcycles, and competitive racing applications.

CARBOOIL 4AT ScooTurbo 10W-40 wurde für überlegene Leistung in Rollern entwickelt. Diese fortschrittliche Formel sorgt für schnelle, sanfte Starts selbst unter extremen Bedingungen und schützt gleichzeitig den Motor bei häufigem Stop-and-Go-Verkehr. Die Viskosität 10W-40 sorgt für optimale Schmierung und reduziert Reibung, was die Motorlebensdauer und den Kraftstoffverbrauch erhöht. Perfekt für den Stadtverkehr und sorgt dafür, dass Ihr Roller reibungslos läuft, egal wie oft Sie anhalten und wieder anfahren.

CARBOOIL 4AT ScooTurbo 10W-40 is engineered for superior performance in scooters, this advanced formula ensures quick, smooth starts even in extreme conditions, while also protecting the engine during frequent stop-and-go rides. The 10W-40 viscosity provides optimal lubrication and reduces friction, enhancing engine longevity and fuel efficiency. Perfect for urban commuting, and keeps your scooter running smoothly, no matter how many times you stop and start.
